NOW RECRUITING VENDING LOCATIONS

BIG CONVENIENCE. BIG SATISFACTION.

Give employees, residents, or visitors convenient access to snacks, cold beverages, protein products, and meal replacement options—without buying vending equipment.

What Big Yeti Treats proposes

- Location-specific product selection and vending equipment planning
- Machine sourcing, stocking, and routine servicing managed by Big Yeti Treats after launch
- Potential cashless payment capability, subject to the equipment selected
- No upfront machine purchase by the host; host provides approved space and suitable electrical access
- Potential revenue-sharing after an initial 90-day performance evaluation, subject to a separate written commission agreement

How the partnership works

01 • REVIEW	02 • CONFIRM	03 • EVALUATE	04 • DISCUSS
Site walkthrough and demand review	Conditional agreement and installation approval	First 90 operating days; track actual sales	Consider commission based on verified performance
